4. Review Agenda

#### 5. Highway 97/Parkway Pedestrian Crossings

**Background:** On Sunday, October 10, 2010 there was a fatal bike accident at Reed Lane pedestrian crossing. There are two pedestrian crossings on the Parkway that were constructed with the Parkway improvements. ODOT staff will be available to brief TSAC about the crash and possible direction and options for the crossings.

**Requested Action:** Review and discussion

#### 6. TSAC requests to Staff and Citizen Service Requests (CSR) updates

**Background:** During TSAC meetings visitors and TSAC members will request information, and other actions from City staff. These requests are noted in the minutes and answered at the meetings if that is possible. If the request requires further analysis from the Transportation Division it is placed on a CSR list. As noted in previous meetings, the Transportation Division had its staff reduced by 50% and this included three full time employees that were predominantly working on CSRs. The Transportation Division must prioritize the CSRs and assess the risks of a request. Many of the requests are involve signing and striping which tend to be low priorities for the Division unless the request is a proven safety issue.

**Requested Action:** Review and Discussion

##### TSAC Requests for update from last meeting:

- Mt Washington signs for No Parking.
- Crosswalks at non-stop controlled intersections.
